

ATTESSA IV

Atessa IV
Miami USA
9th September 2015

Ref: Megan Elizabeth O'Neill

To Whom It May Concern,

We have had the pleasure of having Megan employed on the 101m MY Atessa IV since 15th October 2013 in the capacity of Sous Chef. I have sailed with Megan for her entire contract on board and will be very sad to see her go.

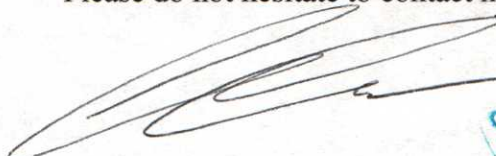

Megan has proven herself to be an outstanding chef with multiple skills. She has taken on the accounts as well as bringing many new dishes for a multi-race crew. Her food has been appreciated by both owners and crew and I'm sure I speak for all parties that her food will be sorely missed. Her level of organization and cleanliness on board the vessel are impeccable.

She has a very warm personality, yet is able to provide clear and concise instructions in a busy situation. She has been an active part of the crew and always has a smile no matter the hour of day or task given to her.

She has stepped up to the role of head chef in his absence and has again proven herself as more than capable of running the galley by herself. She has had to take on the role of head sole chef on the latest guest trip cooking and provisioning food for 27 crew and 6 guests with no problem or complaints.

Megan would be a huge asset to any vessel or restaurant, if the opportunity arose again to re-hire her I would gladly.

Please do not hesitate to contact me for any further information required.

Christopher Goodson
Captain
