To whom it may concern,

Megan O'Neil and I were employed together onboard the 101m M/Y Attessa IV from December 29th, 2013 until my departure July 22, 2015. Megan's title onboard was Sous Chef.

During that time she has proved to be a hard working and dedicated Chef. Her food and cheerful personality were enjoyed by both guest and crew. Megan was involved with all aspects of running our galley from health and sanitation to preparing guests meals and provisioning in remote areas for a crew of 28. Megan is a well rounded chef with a large repertoire of styles and methods. Together Megan and I were responsible for large cocktail parties, multi course plated dinners, buffet presentations, family style meals, a la carte breakfast, barbecues, special occasion and holiday events.

I wish Megan well in her future experiences and would recommend her as Chef. Please contact me anytime for any further information.
